THE BYDO EMPIRE RETURNS!

The powers of the evil BYDO Empire have returned. Now stronger than ever, these diabolical extra-terrestrials are poised to attack the Earth. Mankind has just one hope against these mutant beasts. The formidable R-9 is heading for the front lines at the very frontiers of space. Armed with high-powered, advanced-technology defenses, it is the ultimate battle machine. But is it enough?

"R" you ready for an adventure that will take you to battle-fronts on the vast frontiers of space?

The alien mutants are armed with highly advanced fire power. But you have some high-tech surprises of your own!

GAME OVERVIEW

As the player (R-9), you must defeat the bosses in each stage in order to wipe out the BYDO Empire for all time. You are provided with three R-9s which will allow you plenty of opportunity for continuous play. The game has seven stages with a powerful BYDO boss in each. One of your key strategies as R-9 is to obtain power-up items which will help you gain the edge over this awesome enemy. In the event you are wiped out by an extra-terrestrial mutant, you start from the beginning of the current stage.

You can adjust the game to: **NOVICE**, **EASY**, **NORMAL** or **HARD** by entering the **SELECT SCENE** before the game begins. After you clear the final stage of your selected level, you can move up to the next level of challenge and adventure. If you fight your way to victory through the **HARD** level, you are ready for **PRO** play. Ultimate victory is yours if you make it through the **PRO** mode of Super R-Type. It's super challenging!
